What was the most valuable lesson I learned?

How has this course strengthened my theological understanding?

What knowledge or skills have I gained?

How will I apply what I learned?

What are my next steps in continued study and ministry development?

A Message to Our Students

Your education is not simply about acquiring information. It is about developing knowledge, strengthening your faith, deepening your understanding of God's Word, and preparing yourself for meaningful service.

Take good notes, ask questions, study diligently, and remember that what you learn in the classroom should influence how you serve beyond it.

Learn. Lead. Serve.
